Bash, tell me what it do, tell me what it do
Kingston, what is it, what, what? What is it?
Hey, hey, hey, hey

(What is it?)
Lemme see ya go mama, go mama
(What is it?)
Get your girls and put on a show, mama

(What is it?)
Get it on the floor, dip it low, mama
(What is it? Wa, wa)
(What is it? What is it?)

(What is it?)
Lemme see ya go mama, go mama
(What is it?)
Get your girls and put on a show, mama

(What is it?)
Get it on the floor, dip it low, mama
(What is it? Wa, wa)
(What is it? What is it?)

I'm a holla back when I pop my collar back
Girl, I see that dunka dun dunk, I want all of that
Follow that train, mayne, follow that caboosie
Ain't nothin' in the world like some thick and some juicy

She goin' downtown 'cuz her favorite DJ's spinnin'
I'm all up in the door so I'm already winnin'
I got a lotta women but I'm way too choosy
And man, I love my cake like that Ricky love Lucy

On some peanut butter leather with the wood so grainy
It must be rainin' dollars 'cuz she lookin' so gravy
Sophisticated lady poppin' till the end what it do, what it
is
Baby girl, tell me what's happenin', what's happenin'

(What is it?)
Lemme see ya go mama, go mama

(What is it?)
Get your girls and put on a show, mama

(What is it?)
Get it on the floor, dip it low, mama
(What is it? Wa, wa)
(What is it? What is it?)

She move like she dancing on Youtube
The kinda chica that you really ain't used to
Dame lo, dame lo, momma shoot through
In my ear talkin' 'bout l'mma do you

Everyone top notchin', everybody watchin'
Ain't no punk when she pop lock and drop it
Straight show stoppin', watchin' me perform
Got the 'Cyclone' ringtone on the phone

Feelin' on my body, baby girl, I'm in the zone
Must be the Goose mixed with a lil 'Trone
She make it happen, cappin' feelin' on me
We in a Bentley and we feelin' like, yeah, yeah

(What is it?)
Lemme see ya go mama, go mama
(What is it?)
Get your girls and put on a show, mama
