Tell a guy think twice, him diss and caan apologize
BAP! BAP! BAP! BAP! set if off, yo!
Some likkle fool diss the program
So we and dem had a slight altercation
I get my respect from the streets we nuh go police
station,
Hear the story

I was chillin on my corner I plan mi next hustle
Mind deh pon mi daughter I look something fi russel
Fool come diss me and start a little tussle
Run guh down di block and I return with my muscle
Back pon di corner ready fi di jumpoff
Summer goodbyes cause mi could a get pump off
Ready fi mi face get thump off
But a pure siren a sound off

Di bwoy run go a station chat til him blue
Sell information on me and my crew like
What you think di police can do
What di hell the police going do
Fool with no tool running scared of my crew
Pull up on di base with di boys in blue like
What you think di police can do
What di hell the police going do
Yo! a weh dem feel like, weh dem weh feel like
A weh dem feel like, weh dem weh feel like
Seh dem a kill and a run pure tongue
Regular dem diss man and get boxed down
Yo! a weh dem feel like, weh dem weh feel like
A weh dem feel like, weh dem weh feel like
Look how long time run gone fi gun
Two hours pass and mi caan see him a come
Yo! a weh dem feel like, weh dem weh feel like
A weh dem feel like, weh dem weh feel like

Run to the hills, head to the town
Things get hot, we get low
Everybody's gone what you standin here for
Real rude bwoys we nuh fear Po Po
I was laying on my sofa hear a little scuffle

Boom boom boom so mi reach fi mi duffle
Mi hear "open up", but di voice sound muffle
Roll off mi sofa a pure man a shuffle
Open di door mi ready fi di jumpoff
Kiss my baby mother cause mi could a get pump off
Ready fi mi face get thump off
But a crazy police mi see line off

Di bwoy run go a station chat til him blue
Sell information on me and my crew like
What you think di police can do
What di hell the police going do
Fool with no tool running scared of my crew
Pull up on di base with di boys in blue like
What you think di police can do
What di hell the police going do
Yo! a weh dem feel like, weh dem weh feel like
A weh dem feel like, weh dem weh feel like
Seh dem a kill and a run pure town
Regular dem diss man and get boxed down
Yo! a weh dem feel like, weh dem weh feel like
A weh dem feel like, weh dem weh feel like

They can't do a ting now, they can't do a ting now
They can't save you

Di bwoy run go a station chat til him blue
