If that's your man I'm not impressed
You did your best But you failed the test
It's him you'll kiss But me you'll miss
So here's a tip You'll never feel no lips like
this Boys and girls will all be watchin'
When I step in the room I'll be comin' round
the corner To get one last peek
a boo You made your choice You made it quick
This time next year You might need my
Here goes my card So call me soon
I know you will Cause we just kissed in the
back room Hook 2 times
Girl I want to be your everything
Just like your fantasy
Girl I'm not gonna be no memory
I got to be your only fantasy
Girl I want to be your everything
Just like your fantasy
Girl I'm not gonna be no memory
I got to be your only fantasy
Hook 6 times
