Last night, I had the time of my life - it's true
For last night, I made love for the very first time
With you

I never knew love could be so sweet
It never made a difference to me
But ever since the day that you appeared
Im telling you, youve made the difference
Now love is so clear

And I can't stop (cant stop)
How I feel
Im diggin on you
You diggin on me
We diggin on we
And oh I can't stop (cant stop)
How I feel
Im diggin on you
You diggin on me

Last night, you brought something special out of me
And for the first time
You made my dream a reality

I never thought love was meant for me
For I was blind and could not see
You brought about a love that's so sincere
And Im telling you, youve made the difference
Now love is so clear

Hook

I can't stop

Im diggin on you
You diggin on me
We diggin on we

I can't stop

Im diggin on you
You diggin on me

Youve got me thinking that I need protection
Cause your love is so strong
I don't wanna do wrong
Girl your love seems like it's true perfection
You just give me a call
And I'll give you my all

Hook 2 times

Cant stop (cant stop)

Im diggin on you
You diggin on me
We diggin on we

Cant stop (cant stop)

Im diggin on you
You diggin on me
