Written by babyface (1996) Performed by az yet Looking
in your eyes It's written on your face I can read your
mind You feel the same as me, baby girl It's time you
faced the truth You're in love with me And I think it's
time that you came around Girl you care for me Like I
care for you And you think of me all the time Girl you
want from me What I want from you And you dream of
me every night There's nowhere you can run Nowhere
you can hide Can't you feel it girl You're running out of
time, baby girl It's nothing but your fate You're
supposed to be with me So start acting like you're mine
baby, girl Hook It's really not good for me Deny the
feelings deep inside you You're really overdue, you
need to open up Truly girl, it's time for you to Come to
terms with what's inside you This ain't no time to run
away from love Hook 2 times
