(1990) Performed by johnny gill
You need a love that will
not change
You want a lover to remain
Forever yours
Oh, but you don't have to worry
You never have to fear
it
Through thick and thin I'll always be here
I'll be your
bridge
Over and through troubled waters
You'll never
have to face it alone
And when the world
Seems to treat
you unfair
Baby, for you, I'll always be there
I won't be
no fairweather friend
I'll be there 'til the end
Even
through stormy weather
Time and time again
I won't be
no fairweather friend
I'll be there 'til the end
Even
through stormy weather
Time and time
again
Sometimes I know it's wrong for you
And then
there are times you're feeling blue
Feel so much
pain
Oh, but I'm the kind of person
That can take the
hurt away
You never have to suffer again
I'll be your
strength
To carry you over the mountain
To lift you up
when you're falling down
Baby be strong
You can
believe in me 'cause I'm your friend
And I'll always,
always, always be right there
Hook
Oh baby, for you, I'll
always be there, oh
Hook
Baby I know what's right for
you
Maybe sometimes you're feeling blue
But I won't let
ya, won't let ya
You're never gonna face no pain
again
I'm gonna be there to lift you up
Baby call my
name
And I'll be there
