[Verse 1]

Its a good day even though we argued last monday  
We made up again by late thursday  
Making love with cool-aid  
Its a good day even though i hate that you...  
I didn't like the things that you said to me  
But i forgot it all by next tuesday

[Bridge]

And even though we force and fight (you know we  
always make okay, yes we do)  
And everything will be alright cause we'll fall in love  
again

[Chorus]

So put your hands up, celebrate everyday that you got  
love  
In the end at least you got someone  
Aint it good you know that it's good to be in love  
So put your hands up, realize, recognize that you got  
love  
It aint a party without your lil someone  
Aint it good to know that it's good to be in love

[Verse 2]

Its a good day even though we fall again on friday  
It was all again by next sunday  
Making up like it was your birthday  
Its a good day even though ...on monday  
Seem to last forever on that day  
But we got back together like we was brushing up

[Bridge]

[Chorus]

Step to the left step to the right  
Put your hands up from side to side  
Celebrate love celebrate life celebrate the good and  
the bad times

[Bridge]

[Chorus (repeat until fade)]
