Written by I.a. reid, babyface, daryl simmons  
(1992) Performed by highland place mobsters  
I know that he's your nigger  
And girl the way I figure  
You've been doggin' me now baby  
It's all in your game of love  
You know that I am a lover  
And I'll go and find me another  
If you want another now baby  
Then I'll just get the hell out  
I, I gotta find a ho of my own  
I, I gotta find a ho of my own  
Well girl if you're committed  
I'm down and I'll be with it  
Just remember one thing baby  
That I ain't attached to love  
Don't give me mixed emotions  
Cause I know where you've been  
going  
Round, and round, and round you go baby  
Either you're ready or...  
Hook  
Why can't you see girl that I  
won't ever be denied, I refuse to be  
I must be your number one, I won't share  
with anybody  
You won't mean nothing to me  
If you're not there to be my baby  
Only my baby  
Cause I'll just get the hell out  
Hook  
I've been waiting for a woman like you  
for a very long time now  
But it's okay, I understand  
Let's go back to my place  
I can explain it a little bit better  
there  
Check this out...  
Hook (repeat to fade)
