How could you call her baby
Written by babyface
(1995)
Performed by shanna
Baby, baby, don't try to
play me
You know something's wrong
That's why I'm
not talking to you
Baby, baby, don't even fake it
You
have broke my heart
And there's nothin you can do
I
tried to call you, just the other day
And your own sister
told me
Someone was taking my place, oh
You wouldn't
come to the phone
She forgot to put me on hold
And I
can't believe what I heard
What I heard in your very
own words
How could you call her baby
How could she
be your baby
Thought you were mine
Thought I was
yours
How could you call her sweetheart
How come you?
re breaking my heart
How could you be so wrong
Baby,
baby, hear what I'm sayin
I am not your fool
You should
see me now as gone
Baby, baby, you must think I am
crazy
I will not come back
I feel I have been too
wronged
Don't try to call me, cause I don't have the
time
I'll be much, much too busy
Hangin out with friends
of mine, oh
If we meet in the street
You should not even
bother to speak
Cause I still hear the words in my
head
Those are some words I will never forget
Hook
Boy
you owe me an apology
Just don't look for forgiveness
from me
And I tried my best to understand
But I've
done for you all that I can
If I ever see you in the
street
Just forget that you ever knew me
Cause I still
hear the words in my head
Those are some words I will
never forget
Hook
