Written by babyface (1994) Performed by Gladys Knight  
Gave you the best  
Best years of my life and  
I gave you a woman  
Who stood by your side  
Through all your ups and downs  
Your rights and all your wrongs  
And God knows there were wrongs  
I should've been long gone,  
but when I made you that promise  
For better or worse I said I'd  
stand by your side  
I swallowed my pride  
And now you're asking me to understand  
And I'm telling you I can't  
Why should I care about your feelings  
When you don't give a damn about mine  
And I don't want to know  
I couldn't care less about your feelings  
Don't you know  
You should've cared about mine  
And I don't want to know  
It really doesn't matter  
Why you're leavin'  
You should know  
You're really throwin'  
away your life  
And I won't sympathize  
You've hurt me for the last time  
Got no more tears to cry  
Gave you three hearts  
One boy and one girl and a woman  
who loves you  
We're sittin' here falling apart  
All through your ins and outs  
Your fears and all your doubts  
And God knows there's been doubts  
But we've given you a home,  
and you're just throwin'  
it away  
All far for some girl born yesterday  
And what about your children  
There is nothing to explain  
But still you're asking me to understand  
Well I'm telling you we can't  
Why should I care about your reasons  
When you're walking right out of our lives  
Hook  
Say goodbye  
To all the love and memories  
One last time, one good look at  
all the love  
That won't be in your life  
Say goodbye  
I hope that you'll be happy  
Don't look back, 'cuz it'll be too late  
I've gone with my life  
Hook
