I'm so excited with the thought of touching you  
So please don't deny me  
Make my wish a dream come true  
Oooh 'cause everytime I close my eyes  
I feel a little magic  
I get a little tingle in my heart  
So I start gettin' butterflies  
I love it when I have it  
I never want this to end 'cause when I dream,  
I dream I dream of you  
All day long and all day thru  
I dream, I dream oooh baby  
I dream of you  
All day long I dream of you  
You're like a habit  
Can't let it go  
stays on my mind  
Girl I sho nuff got to have it  
Keep me wanting all the time  
In the middle of a lonely night  
I kinda got addicted  
I felt a good rush come over me, so I started dreamin'  
overtime I didn't wanna miss it  
I didn't wanna miss a dream 'cause when  
Hook Here's my heart  
Take my hand  
I'll be your girl  
You'll be my man  
So wake me up  
With your love  
Please don't stop 'cause I just can't get enough  
'cause everytime I close my eyes  
I feel a little magic  
I get a little ting in my heart  
So I start gettin' butterflies  
I love it when I have it  
I never want this to end 'cause when  
Hook In the middle of a lonely night  
I dream about you baby holding me tight  
I felt a rush comin' over me  
Kinda got addicted from dreamin'  
the dream  
In a world where love is hard to find  
I think a bout you 'cause you're one of a kind  
Because it's you that I want in my life  
I dream, I dream  
Hook
