(contains lyrics from the song two occasions by the deele, written by babyface, dee bristol, sid johnson)  
Performed by next

I still love you babe  
Im still for you girl  
Ill never leave you baby  
Cuz I realize I need you in my life

Girl it just aint right  
What we said last night  
Cuz I know we didn't mean it  
You feel the love is gone  
Cuz we don't get along  
But I can prove you wrong  
Girl I swear

Cuz everytime I close my eyes I see you  
And how I wanna live my life with you  
There is no one  
Youre all I need and all I want  
The only one I'll ever love

Hook

In this relationship we spend a lot of time  
Now it would be wrong if everything was always fine  
Girl, I know weve had our share of ups and downs  
But it doesnt't't mean that we can't work this out  
Oh baby girl, I care, yeah  
You know I do

Cuz everytime I close my eyes I see you  
And how I wanna live my life with you  
There is no one else  
Youre all I need and all I want  
The only one I'll ever love

Hook

No, oh girl, I know I need ya baby

Cuz everytime I close my eyes I see you  
And how I wanna live my life with you  
There is no one else  
Youre all I want and all I need  
The only one I'll ever love
