Written by eric foster white (1990) Performed by  
whitney houston  
One night not long ago I fell for you  
Too easy to let go  
She was one from your past  
One of the few  
You said it didn't last  
Now romeo you know I can't  
believe  
Your tongue would slip so easily  
I know you think I oughta  
let it be  
But get it right next time  
That's the end of me  
My name is not susan  
So watch what you say  
If you still need her  
Then be on your way  
Don't wanna hear about susan  
She got nothin' on me  
So show some respect  
For the love you receive  
Get it right  
Last night you were asleep  
Deep in a dream  
I heard you call her name  
Then you turned to embrace  
I froze in place  
Never to be the same  
Now romeo you know I never knew  
My heart would bust so easily  
I know you think I oughta let it go  
But get it right next time  
Say good-bye to me  
boy  
Hook I never wanna be the girly  
That you call one and only  
You know the kind of girly  
That you would call when you get lonely  
I never should have let you in  
A damn shame  
Forgot my name  
Well anyway  
Hook  
Don't wanna hear about susan  
Hook 3 times
