Written by babyface (1998) Performed by Faith Evans
If I had one wish, boy I'd wish you next to me
And it could be in summer, fall or spring, boy 'cause you make my heart sing
I wanna give you my heart, my soul, my love to you
Oh baby, oh baby 'cause every day I'm not with you
I'm missing you like crazy I need for you to... I need for you to love me, hold me, touch me
Down deep in my soul, and never let it go
Of the love we share, no one compares to you
I'll never let you go 'cause I really love you so
Oh, i... I'll never let you go, oh no! You must know the truth, boy I'm nothing without you
Now I know what people mean, boy when it's too good to be true
Because you bring me joy, good love, good times, such happiness
Oh baby, oh baby and every day I thank the lord for you
I feel so blessed that's why I need for you to...
Hook: If you only knew what you really do
Ain't never had no one that does it quite like you
You could spend half a lifetime trying to find one like you
That's why I am so glad I found you
I wished upon a star, it came true
Darling, I need for you to... Hook
