Written by the boom brothers (1995) Performed by after 7  
Now I never thought that I'd be losing sleep at night  
over you Now I don't know what to do I promised myself  
that I would not cry over you Now I feel it all  
inside Thoughts of you Keep driving me crazy And if I  
don't sleep Then it won't even faze me Some people  
call it love call it sprung on you - oh Here we go Here we  
go I'm coming again You got me messed up I'm sprung  
on it Here we go Here we go I'm coming again You got  
me messed up I'm sprung on it I thought it would be  
easy to get over you Now I see that it's not in me I think  
I'm going crazy, going out of my mind trying to find  
someone to take your place Thoughts of you Keep  
driving me crazy And if I don't sleep Then it won't even  
faze me Some people call it love call it sprung on you -  
oh Hook When I'm all alone There ain't nothing I can  
do All I do is think of you Ain't about to take my mind off  
you You got me going round and round My whole world?  
is upside down Let me love you baby, let me love  
you Uhmmmm...here we go Here we go Hook 2 times
