Early in the morning I
put breakfast at your table
And make sure that your
coffee has it's sugar and cream
Your eggs are over
easy, your toast done lightly
All that's missing is your
morning kiss that used to greet me
Now you say your
juice is sour, it used to be so sweet
And I can't help but
to wonder if you're talking about me
We don't talk the
way we used to talk, it's hurting me so deep
I got my
pride, I will not cry
But it's making me weak
I'm not your
superwoman
I'm not the kind of girl that you can let
down
And think that everything's ok
Boy I am only
human
This girl needs more than occasional
Hugs as a
token of love from you to me
I fought my way through
the rush hour trying to make it home just for you
I want
to make sure that your dinner will be waiting for you
But
when you get there you just tell me you're not hungry
at all
You said you'd rather read the paper and you
don't want to talk
You're like to think that I'm just crazy
when I say that you've changed
I'm convinced I know
the problem, you don't love me the same
You're just
going through the motions and you're not being fair
I got my pride, I will not cry
Still I can't help but care

Ooh baby, look into the corner of your mind
I'll
always be there for you through good and bad
times
But I can't be that superwoman that you want me
to be
Give me your everlasting love if you return love to
me
Hook
If you feel it in your heart and you understand
me stop right where you are, everybody sing along with
me
I'm the kind of girl that can treat you so sweet
But
you got to realize that you've got to be sweeter to me
I
need love, I need trust, your love
