'twas late december the news came  
And I got so excited, I cried all day  
And you were such a lovely, precious site  
When I saw our baby in your eyes

It was like falling deep in love  
I heard the angels cry above  
I felt a blessing straight from god  
The day that you gave me a son

I called 'bout everyone I knew  
Just think, I'll be a father 'cuase of you  
There's no greater love than what you gave  
A brand new baby on the way

Hook

Oh such tears of joy, I've never known  
I can't remember  
It's like a song, I've never heard  
I've never sung, but know the words
