[Verse 1]

Im sitting here
Thinking bout
How im gon-na do without
You around in my life and how am I
I gon' get by
I ain't got no days
Just lonely nights
You want the truth
Well girl im not alright
Feel out of place and out of time
I think im gonna lose my mind

[Chorus]

So tell me how you feel (im lonely)
Are you for real (so lonely)
Do you still think of me (i think of you)
Baby still (You only)
Do you dream of me at night (like i dream of you all the
time)
So let me tell you how it feels (its like everyday i die)
Wish i was dreaming but it's real (when i open up my
eyes)
Let me tell you how it feels (and don't see your pretty
face)
I think that i will never love again

[Verse 2]

I miss your face
I miss your kiss
I even miss the arguments
That we would have from time to time
I miss you standing by my side
I'm dying here it's clear to see
There ain't no you, God knows there ain't no me
Don't wanna live, I wanna die
If I can't have you in my life

[Chorus (repeat till end)]

So tell me how you feel (im lonely)
Are you for real (so lonely)
Do you still think of me (i think of you)
Baby still (You only)
Do you dream of me at night (like i dream of you all the

time, so lonely)
Oh let me tell you how it feels (its like everyday i die)
Wish i was dreaming but it's real (when i open up my
eyes)
Let me tell you how it feels (and don't see your pretty
face)
I think that I will never love again
