Yeah (Tonight it's goin down)
You know we've been waiting much to long for this girl,
it's time to get it on
Yeah, old school style (Tonight it's goin down)
Keep it grown, keep it sexy, come on

[Verse 1]

I've been waiting on you forever I'm not gunna even
front
And it's gunna get so much better (can't wait till the
moment comes)
When i get to squeeze you in your arms and lay you on
your bed
Excuse me if i kiss it for a little girl i like it when it's nice
and wet

[Bridge]

It makes me feel good (to know that your waiting)
I make it so good (i hope that your ready for it)
Cause im about to turn of the lights

[Chorus]

Tonight it's goin down
Were in the final round
It's time to close the deal
And sex it up in here
Tonight were making babies
We've waiting much too long
Tonight it's goin down
Its time to get it on
Tonight will be the night of all the nights, tonight
tonight

[Verse 2]

...A little bid excited
I've been holding everyday
And wen i get with you tonight
Im gunna make u call my name
Got the right vibe and it's glowing
Got the candlelight and it's glowing
Got you right now and i got you glowing (oh lets take it

all the way)

[Bridge]

It makes me feel good (to know that your waiting for
me)

I think it's so good (i hope that you sing for me)

Cause we bout to make love tonight

[Chorus (3x)]
