All I Think About Is You

Written by Babyface(1994, From the album "One Day")

Performed by Klymaxx

Verse 1

I've been searching for someone
Someone who could show me love
I never knew, what love could do
Until the day, the day I met you
And in my search I found a love
The kind of girls like me dream of
And now I thank my lucky stars each day
I've been so blessed ever since you came my way

Chorus

And all I keep thinking about is you
You make my dreams come true
Long as the sky is blue
I just wanna make my life a part of you
All I keep thinking about is you
You make me feel brand new
I wanna share this love
Feel so wonderful
And I owe it all to you

Verse 2

When I was scared and all alone
My best friend called me on the phone
And said "Don't be afraid, it won't be long
You just keep the faith and keep holding on"

And then you came into my life
And suddenly my road seems so right
I never knew what love could do
And I'm so glad I wished for you
Chorus

And all I keep thinking about is you
You make my dreams come true
Long as the sky is blue
I just wanna make my life a part of you
All I keep thinking about is you
You make me feel brand new
I wanna share this love

Feel so wonderful
And I owe it all to you
To you
To you
And all I keep thinking about is you
All I keep thinking about is you
You make my dreams come true
Long as the sky is blue
I just wanna make my life a part of you
All I keep thinking about is you
You make me feel brand new
I wanna share this love
Feel so wonderful
And I owe it all to you
