Baby you can call on me
Anytime that you feel the need
And I'll be there in a hurry
Givin you the best of me
And baby you know I keep it nice and warm to satisfy
Baby you know that I am always hot for you
And if there's any kinda love that will exemplify
My sweetie I have got that kinda love times two

Boy I'll do you all night long
Do you anyway you want
I will do you all night long
I wanna please you
Don't wanna tease you

You can melt in my body
And I will slowly melt on to you
Caress your face in my valley
Let me feel the sweetness of you
And baby you know if there is anything you want from
me
I will supply so you can have it your way

Hook

Here's the vibe, there's candlelight
As I undress for you baby
A sip of wine, we take our time
Then I undress you too
I look at you, you look at me
And then we both embrace
And then we just let nature take it's place
