For the longest time I searched high above the sky to  
find the one for me,  
Sweet birds guided my limbs, and told me it was purely  
destiny  
A few clouds came my way, and told me it was purely  
destiny  
A few clouds came my way, and suddenly came the  
break of day  
And it was you, only you, then I gave my love to you

And I gave my love to you  
And I gave my love to you  
And my rivers flowed for you  
And my rivers, my sweet rivers flowed for you  
Please don't tear my heart in two  
Please don't tear my heart into two  
As I gave my love to you  
As I gave my love to you, as I open wide for you

Sailing cautiously without knowing that my reality will  
soon come  
Strong winds brought me from my high, I drifted  
gradually from my ride  
Touching down, kissing ground, it's you that I look for  
Let's be two my baby, as I gave my love to you

Tender lover, blow your cover, release emotions  
For there's no other but us two  
Give it to me and i'll, I'll give it to you  
Discover trust in my sweet caress  
Female sunshine and nothing less  
Just a touch from my hand, and infinite warmth from  
my man  
Yea gonna make you mine, yea til the end of time  
Cause I'm open wide with so little to do  
Simply put I live my life for you  
Give it to me and I'll give my love to you
