When could I stay away from the arousal of love
And my soul would not be interfered by my eyes and ears easily
I adjust my gesture of my softest tenderness
My heart is so cautious I won't react hastily

Love
It's not as beautiful as anticipated
The woman in remorse
Sad love songs can be heard in every street
On this horizon is there a man suitable for me
Who can appropriately comfort my indescribable loneliness

How many years have I been drifting in the sea of love
How many times did I cry and go wild when I was young
Whenever I fall in love
There is always a force driving you involuntarily
The faces of my previous lovers are unclear
When everything is over my heart still feels the pain
Next time when I meet the right person
How can I turn back
How should I handle?

From now on
I am not eager to breakthrough from the freedom of loneliness
As long as love doesn't sneak its way in and bother me
Beautiful lies and genuine love are only separated by a thin line
If you are not careful, everything will be mixed up and
It'll be hard to take back your heart

Love
It's not as beautiful as anticipated
The woman in remorse
Sad love songs can be heard in every street
On this horizon is there a man suitable for me

Who can appropriately comfort my indescribable
loneliness

Hook

You'll only ask for one outcome when you're in love
How come whenever we meet it will turn out to be
A complex of love and hatred?
What would be considered a promise of mutual benefit
Let give and take can be clearly shown until the last
moment

Hook 2 times
