*[v 1]*

Now I got you all alone  
Nobody else is home  
Don't you like it  
When I kiss it a thousand times  
All up and down your thighs all around it  
Take off your clothes and come to me  
I want to make your body feel like ecstasy  
Ooh baby baby  
ooh ooh baby, please love me

*[Chorus]*

Girl we can't stop now, we done gone too far  
And I don't know how  
Cause you know it'd be too hard  
if we stopped it right now and it didn't go down  
If the body wants to do it, just do it, ooh

Girl we can't stop now, we done gone too far  
So baby don't fight it cause you know I get excited  
Just don't make me stop now, its gotta go down  
If the body wants to do it, just do it  
You can't stop now

*[v 2]*

Now you got me on overload  
Think I might just explode  
I can't hide it and uh  
And I know you wanted to  
I can feel it inside of you, can't deny it, no  
(Bring)  
So bring it close, bring it close to me  
I wanna feel your body, your ecstasy  
And ooh baby baby  
Ooh baby, baby, please love me

*[chorus]*

Girl we can't stop now, we done gone too far

And I don't know how  
Cause you know it'd be too hard  
if we stopped it right now and it didn't go down  
If the body wants to do it, just do it, ooh

Girl we can't stop now, we done gone too far  
So baby don't fight it cause you know I get excited  
Just don't make me stop now, its gotta go down  
If the body wants to do it, just do it  
You can't stop now

*[Bridge]*

Baby I can (Baby I can)  
I can go fast (I can go fast)  
Slower (slower)  
I can give you all your heart's desires  
Baby I will (Baby I will)  
I'll make it last  
Show you, I will  
I'll set your world on fire, baby

*[Chorus]*

Girl we can't stop now, we done gone too far  
And I don't know how  
Cause you know it'd be too hard  
if we stopped it right now and it didn't go down  
If the body wants to do it, just do it, ooh

Girl we can't stop now, we done gone too far  
So baby don't fight it cause you know I get excited  
Just don't make me stop now, its gotta go down  
If the body wants to do it, just do it  
You can't stop now
