So maybe things did not work out this time
Baby don't blame it on yourself
Maybe the guy you chose is not quite right
And that's not an easy thing to tell
So don't cry don't take it quite so hard
It's truly not the end of your world
It's not impossible, you'll find true love again
You gotta open up your heart to know
Don't you deserve someone (baby)
Don't you deserve true love
Don't you deserve a chance at true romance
Baby come take a chance with me
Baby the love you lost was not your type
So you got to get him out of your head
Baby, baby, baby Love is a gamble, but it can be so nice
So put all your crazy thoughts to bed
So do try, it's really not that hard to open up yourself to me
girl
It's more than possible you'll fall in love again
It's time to open up your heart for love
Hook
I gotta be the one you want
I gotta be the one you need
I gotta be the one you're looking for
Don't you deserve a chance
At true romance
Baby come take a chance with me
Baby don't blame yourself
How could you really tell
Baby don't take it quite so hard
lay all your thoughts to bed
Get them all out your head
I swear, I swear, I swear
I love you so good
I should be the one you love
