Your love's so exciting  
Boy, I can't deny it  
Since you found a place in my heart  
Givin' me a feeling

Ooh, it's such a feeling  
I pray that we never will part  
How can I explain it  
Please hear what I'm sayin'

You bring so much so much joy to my life  
Words cannot express  
So much happiness  
I'll forever be by your side

And I will give u my heart  
And I will always be true to you  
And I will love you forever

If I could just make love to you  
Make love to you  
Girl, I must confess it  
You've been such a blessing

Never felt so good in my life  
You know how to take it  
I know how to give it  
We both always have a good time

I hear what you're sayin'  
Lord knows you ain't playin'  
Ain't no doubt that I'm satisfied  
And I'll keep it comin'

Keep bringin' the lovin'  
So baby bring your lovin'  
Every morning, noon, and night

And I will give u my heart  
And I will always be true to you  
And I will love you forever

And I will give u my heart  
And I will always be true to you  
And I will love you forever

Oh, give me just a minute and  
I'll jump right on in it  
We can make love under the stars  
All year pleasure pleasure

I'll be yours forever  
Girl, I'll never leave now  
I'll be there to please you  
We won't have to worry at all

And I will give u my heart  
And I will always be true to you  
And I will love you forever

And I will give u my heart  
And I will always be true to you  
And I will love you forever

And I will give u my heart  
And I will always be true to you  
And I will love you forever

I will go all the way down  
I'll make it feel so good  
I wanna do you right  
If I could just make love to you

And I will give u my heart  
And I will always be true to you  
And I will love you forever

And I will give u my heart  
And I will always be true to you  
And I will love you forever
