v 1

You can take your Usher CD  
Ima take my Luther with me  
You can take Jaheim  
(As if I'd let you take my Pendigrass)  
You can keep that ghetto chain  
(Betta leave that diamond ring)  
You might as well get used to it  
(No more wearing it)

You can tell your friends  
things won't be like they was before  
All your flossing, all the shopping I was paying for  
You can act like (you ain't sorry now)  
But I know I'm going to be missed  
When it all comes down to this . . .

[Chorus]

We're going out of business  
Shutting down the doors  
Everything's on clearance  
Closing up the store  
Don't act like you don't hear it  
Don't act like you don't know  
We're going out of business  
Everything must go

[v 2]

Betta pay your cable bill  
(Come on girl, let's be for real)  
You're the one that had to have  
your Oprah and your (Dr. Phil)  
(Don't you touch that sofa bed)  
Girl, you know I paid for it  
(Can't have you and him on it, up there having sex)

You can tell your friends I'm not why we not down no  
more  
You can tell them it is not what I was wishing for

You can act like (you're not sorry now)  
Girl, I know I'm going to be missed  
When it all comes down to this . . .

[chorus:]

We're going out of business  
Shutting down the doors

Everything's on clearance  
Closing up the store  
Don't act like you don't hear it  
Don't act like you don't know  
We're going out of business  
Everything must go

We're going out of business  
Counting down the days  
In terms of no conditions, you'll find no stage  
Don't act like you ain't with it  
Don't act like you don't know  
We're going out of business  
Everything must go

[Bridge]

You can take them stupid lies  
(Put them where the sun don't shine)  
Take them to the girlfriend that put all the shit inside  
your mind  
Even if you apologized  
Too late, we're out of time  
(We're almost out, we're almost out, yes)

[chorus x 2]

We're going out of business  
Shutting down the doors  
Everything's on clearance  
Closing up the store  
Don't act like you don't hear it  
Don't act like you don't know  
We're going out of business  
Everything must go

We're going out of business  
Counting down the days  
In terms of no conditions, you'll find no stage  
Don't act like you ain't with it  
Don't act like you don't know  
We're going out of business

Everything must go
