For whatever might've been  
and all that never was  
Whatever I couldn't see  
For all that I didn't want

There was a method to my madness, girl  
That wasn't clear to me  
Until the day I saw your face  
When i saw everything

For I saw us dancin'  
Through sunshine and rain  
And I saw us laughin'  
Through joy and through pain

And I saw her prancin'  
but we did not change  
And i still saw us together  
At the end of everyday

[Chorus]  
Whenever you want it (Want it, want it)  
Whenever you need it (Need it, need it)  
Whatever you feel like it's gon' be like  
You better believe it  
Whenever you feel like dancin'  
You don't have to dance alone, no  
You know, you know, you know  
You should already know

I Choose You [x8]

I felt you inside myself  
before i could even feel  
I knew you like no one else  
But still i couldn't tell

Oh, when not lovin' makes sense to me, girl  
none of it was real  
Until the day I saw your face  
Then it was clear to see

[Chorus]

Whenever you want it (Want it, want it)  
Whenever you need it (Need it, need it)  
Whatever you feel like it's gon' be like  
You better believe it  
Whenever you feel like dancin'  
You don't have to dance alone, no  
You know, you know, you know  
You should already know

I Choose You [x8]

Throughout all times  
People live such lives  
Hoping that they might find a chance where they can  
get things right

Through my decides  
They gotta find the fire  
Oh, For everything that led me straight to you, You  
[Chorus]

Whenever you want it (Want it, want it)  
Whenever you need it (Need it, need it)  
Whatever you feel like it's gon' be like  
You better believe it  
Whenever you feel like dancin'  
You don't have to dance alone, no  
You know, you know, you know  
You should already know

I Choose You (I Choose You)  
I Choose You (I Choose You)  
I Choose You (I Choose You Yeah)  
I Choose You

I Choose You (Baby, I do, I do)  
I Choose You (Oh, Yeah, I choo' yeah, I Choose you)  
I Choose you (Oh!)  
I Choose You

I Choose You (I. Choose. You. You.) [x8]

I Choose You (I Choose You)
