Love never came between us
For love was too deep in our hearts
It's the silly things we do between us
That managed to tear us apart
But oh I believe if we work real hard
We can get through, through it this time
Girl, just trust me and I will trust you
There'll be nothing that we can't get through

I love you babe, in the scariest way
I want you babe, to stay with me
I love you babe, though it's hurtin' to say
I want you babe, to stay with me

I love you babe, in the scariest way
I want you babe, to stay with me
I love you babe, though it's hurtin' to say
I want you babe, to stay with me

Trust never came between us
And that's just the way that we are
It's the crazy things we do between us
That managed to break both our hearts
But oh I believe that we can survive
Through anything if we'd only try
Girl, just trust me and I will trust you
There'll be nothing that we can't get through

I love you babe, in the scariest way
I want you babe, to stay with me
I love you babe, though it's hurtin' to say
I want you babe, to stay with me

I love you babe, in the scariest way
I want you babe, to stay with me
I love you babe, though it's hurtin' to say
I want you babe, to stay with me

I love you babe, in the scariest way
I want you babe, to stay with me
I love you babe, though it's hurtin' to say
I want you babe, to stay with me

I love you babe, in the scariest way
I want you babe, to stay with me
I love you babe, though it's hurtin' to say
I want you babe, to stay with me

Baby, stay
Won't you stay?
Baby, stay
Stay with me
Baby, stay
Won't you stay?
Baby, stay
