Written by babyface (1995)
Performed by aretha franklin

Love was always supposed to be
Something wonderful to me
To watch it grow inside yourself
To feel your heart beside itself

Sometimes it hurts to love so bad
(when you know you've given all you can)
Sometimes it hurts to even laugh
(you do your best but still it's much too sad)
Sometimes the pain is just too much
And it hurts like hell
That's the way it feels

True love it has no hiding place
It's not something you just put away
It's always there inside of you
And it shows in everything you do

Sometimes it hurts to love so bad
(when you know you've given it your best)
Sometimes it hurts to even laugh
(you feel thousand miles from happiness)
Sometimes the pain is just too much
And it hurts like hell
That's the way it feels

Here we are the two of us
So full of love, so little trust
But dying for some tenderness
But too afraid to take the step

Sometimes it hurts to love so bad
(when you know what it can put you through)
Sometimes it hurts to even laugh
(there's nothing funny if it's killing you)
Sometimes the pain is just too much
And it hurts like hell
That's the way it feels

I know if there is any chance
For us to find out happiness
We've got to learn to let it go
Forget all the pain we know

Sometimes it hurts to love so bad
Sometimes it hurts to even laugh
Sometimes the pain is just too much
And it hurts like hell
That's the way it feels
