If I could touch it baby
I'd make you proud
I would do anything to make you my lady now
I wouldn't hurt it baby
Won't let you down
And once I get in it you'll never wanna let me out

Here it comes so brace yourself, baby
And let it flow all through you and me
I'll make you love, love so deep
Here's what will happen when you get with me

Love you by day, love you by night
Love nice and slow, baby
Won't let you go
Love you by day, love you by night
Love let's you know, baby
When you're in love

If I could hold you, baby
Hold you real tight
I would relax you, girl
And make you feel xtra nice
But if I could roll with ya baby
You know I'd roll you all night
Give you my love, my all 'n' all

Then I'd lose control, baby

Here we go, so ask yourself, baby
Then let me know is this what you need
And then make love, love so sweet
Here's what could happen if you were into me

Love you right, hold you tight
Love you 'til the morning light
Let's love, baby
Come on, come on, come on, come on, come on, come
on, come on baby

Love you right, hold you tight
Love you 'til the morning light
In love, baby
I'm gonna love love, just let me love you, please let me
love you, ohhh
