Everyday my thoughts of you  
Get more and more intense  
I get closer to the truth  
I'm that much more convinced  
That you and I were meant be  
No what or it's involved  
As long as you got love for me  
Our problems will be solved

So do you love him?  
(No)  
Do you think of me?  
(Yea, yea, yea)  
You don't want him?  
(No)  
'Cause you'd rather be with me  
After all the shit, he put your through  
Why wouldn't you want to leave?  
Girl, I got mad love for you  
Why can't you be with me?

I'll be your lover  
I'll be your friend  
I'll be your one true confidant  
I'll be the smile on your face  
When we make love and consummate  
I'll be the one good lover that won't let you down  
I am not afraid  
Afraid to love, afraid to trust  
Or just communicate

I'll be your partner  
I'll be your man  
I'll be the kind that understands  
That you got wants  
And you got needs  
And I got responsibilities  
I'll be the one good lover that is down for you  
I am not afraid  
Afraid to share, afraid to give or just communicate

Everyday he lies to you

'Bout things that he won't say  
From simple things like denying you  
From askin' about this day  
It bothers me to think that he  
Be playin' you that way  
You deserve much more this I'm sure  
So send him on his way

Cause you don't love him?

(No)

You always think of me?

(Yea, yea, yea)

You don't want him?

(No)

'Cause you'd rather be with me  
After all the shit he put you through  
It's true for you to leave  
Girl, I've got made love for you  
You're supposed to be with me

I'll be your lover  
I'll be your friend  
I'll be your one true confidant  
I'll be the smile on your face  
When we make love and consummate  
I'll be the one good lover that won't let you down  
I am not afraid  
Afraid to love, afraid to trust  
Or just communicate

I'll be your partner  
I'll be your man  
I'll be the kind that understands  
That you got wants  
And you got needs  
And I got responsibilities  
I'll be the one good lover that is down for you
