Verse 1

I will leave the light on for ya'
With a plate of food
And at the door step darlin'
I left the keys for you
And I'll hold my tongue if that is your request, yes
We'll just take our time and talk
No arguments

B-Section

Though it just might seem
Alittle farfetched
That we could work things out, well
Well I still believe that
That we'll make amends, yeah
There's one thing for certain
We could use some happiness
We've been through it enough, my friend

Chorus

It will break my heart
To see you go
I'd rather die than live alone
I don't wanna go nowhere
And meet somebody new
I'd rather spend my time
Just missin'you

Verse 2

First tomorrow mornin'(Mornin')
I will make me a list, yes
Of all the good things about us
So we don't forget
If we'd only concentrate on
Just the good, yes
I know we could make a go of it
I know that we could

B-Section

And it just might seem(Seem)

A little far fetched (Far)
That we could work (Could)
Things out (Work it out)
Well I still believe that
That we'll make amends
There's one thing for certain
We could use some happiness
We've been through it enough, my friend
Chorus
It will break my heart
To see you go
I'd rather die than live alone
I don't wanna go nowhere
And meet somebody new
I'd rather spend my time
Just missin' you
Interlude
Oh yeah, I still believe we'll make amends and
You can count on that my friend
Chorus
And it will break my heart
To see you go
I'd rather die than live alone
I don't wanna go nowhere
And meet somebody new
I'd rather (Time) spend (Just) my time
Just (Missin') missin' you (You)
Ooh, ooh
