### Verse 1

I met a boy some years ago  
And gave to him my heart  
I felt like he was part of me  
He made me smile  
He made me laugh  
His kisses were so sweet  
He was the first for me  
He became my everything  
And then one day he came to me  
And said that he had to go  
And the saddest thing is that  
I didn't know

### Chorus

That you didn't love me  
I didn't know  
So what was I thinking  
When I gave my heart and soul  
I wish I could hate you  
But probably won't  
In spite of everything it's clear  
You still mean the world to me my darling dear  
You'll always be my first  
My sugar  
Yes you will  
(ad lib)

### Verse 2

I fell in love the moment that  
I first laid eyes on you  
Seems God was watching over me  
You took my heart and made it yours  
Said "You belong to me"  
That's when I gave you me  
And I gave you everything  
And then one day you came to me  
And said that you had to leave  
And the saddest thing is that  
I couldn't see

### Chorus

That you didn't love me, boy  
I didn't know

So what was I thinking  
When I gave my heart and soul  
I wish I could hate you  
But probably won't  
In spite of everything it's clear  
You still mean the world to me my darling dear  
You'll always be my first  
Bridge  
Never thought you would break my heart  
I knew you'd never hurt me  
And then one day you came to me  
And said that you had to go  
And the saddest thing is that  
I didn't know  
Chorus  
You didn't love me  
And I did not know  
So what was I thinking  
When I gave my, my heart and soul  
I wish I could hate you  
But probably won't  
In spite of everything it's clear  
You still mean the world to me my darling dear  
You'll always be my first  
My sugar bear  
(ad lib)  
You'll always be my first  
My sugar bear
