Written by babyface, keith andes (1996) Performed by  
az yet Take it from me That you're gonna be in love Just  
give yourself some time You're just in a shaky frame  
of mind Take it from me That everyone's not that  
way Just out to break your heart So baby don't fall  
apart I know that it hurts sometimes But girl if you let me  
ride I'll make you feel the way you want I'll make you  
feel like you're in love Don't want you to  
compromise We can just take our time Whatever makes  
you feel you're loved That's all I want Take it from  
me You're gonna love someone I can see it in your  
eyes Somebody's gotta treat you right Take it from  
me You're life is bound to change He'll never, ever  
break your heart You'll never have to feel that  
pain Hook You have this tendency to blame things on  
yourself Has it not occurred to you, that it may be  
someone else There is an urgency to change the way  
you feel Well I'm here to make the way for you Girl  
you're not by yourself Hook (3 times)
