This Time Next Year

Written by Babyface and David Foster(1999 from the album "Return")

Performed by Shola Ama

Verse 1

This time next year I'll be home hanging curtains  
Trying to just get on with my life  
This time next year hope I'm through with the hurtin'  
Trying to get you out of my mind

B-section 1

Don't try to play like you're not that concerned  
Don't try to say that your heart doesn't burn  
So, tell me

Chorus

How can you say that our love isn't special?  
And how can you say that our love wasn't true?  
And how can you say you can take it or leave it  
When I'm missing you  
And I know you'll be missing me, too?

Verse 2

This time next year I'll be out having dinner  
And something will remind me of you(Remind me of  
you)

Though I'll try to be strong Lord know it won't be easy  
Gonna take some time getting over loving you

B-section 2

Don't try to play like you won't be concerned  
Cause if there's no way that your heart wouldn't yearn  
Oh, tell me

Chorus

How can you say(How can you say)  
That our love isn't special?  
And how can you say(How can you say)  
That our love wasn't true?  
And how can you say  
You can take it or leave it  
When I'm missing you and I know  
You'll be missing me, too?

Bridge

Some early morning I'll be  
Having my coffee and I'll

I'll think of you  
All the things we used to do, oh  
But I know it will be breaking my heart  
'Cause the love we had was special  
it should always play a part in my  
Heart  
Tell me  
Chorus  
How can you say(How can you say)  
That our love isn't special?  
And how can you say(How can you say)  
That our love wasn't true?  
And how can you say  
You can take it or leave it  
When I'm missing you and I know  
You'll be missing me, too?  
How can you say(How can you say, how can you say it)  
That our love isn't special?  
And how can you say(How can you say)  
That our love wasn't true?  
And how can you say  
You can take it or leave it  
When I'm missing you and I know  
You'll be missing  
When I'm missing you and I know  
You'll be missing  
When I'm missing you and I know, oh, oh, oh  
You'll be missing me too  
Ooh
