Written by babyface, el debarge (1994)

Performed by el debarge

All alone sad and brokenhearted
Didn't have no peace within
Thought that I would feel this way forever
Oh, but darlin' you brought the heaven back again
Sun didn't shine, it just kept on raining
So I thought my life was over
But you brought the rainbow at the end of the storm
And if I had to do it all over again
I'd start my life with you, oh baby

You got the love I want (you're my heaven)
And I know that you got the love I want (you're my
angel)
You got the love I want (can't stop thinkin' about you,
baby)
Long as I live my life
I want to live my life for you

I must confess, girl, I love you, baby
Although at times I try not to show it
But you got that way of always makin' me say
Here I go, I'm givin' in again
Sometimes, I just sit down and watch you, baby
What did I ever do to deserve you
You don't ever have to worry 'bout
What another girl may say or do
'cause I've searched and I've searched girl, my whole
life through
And none of them compare to you, no baby

Hook

I can't stop thinkin' 'bout you, baby
You occupy each moment of the day
Me for you, you for me
That's the way it's supposed to be, baby
Shout it from a mountain
'cause I want the world to know that

You got the love I want
You got the love I want (you're my angel)
You got the love I want (nobody else will do)
Long as I live my life
I want to live my life for you

You touch my heart, baby
I never thought that I could find
Somebody like you, baby
You're so sweet, you're so kind
I swear nobody loves me like you do
And honey as long as I live
I want to live my life for you

You got the love I want (got my soul, don't 'cha know)
You got the love I want (you must have been sent from
above)
You got the love I want (hey baby, oh girl)
Long as I live
