Bang go the bells Babylon A.D.
Everytime you lick my hand
my heart begins to kick
towards the fire we start to dance
burning with each kiss
Tears like a virgin,
the first time from your eyes
you turn out to be
all I desire

CHORUS:

when i want love, i call on you
when i want love, i run to you
you're something more than a sweet romance
I just get one taste of you
bang go the bells

Your dreams have become as mine,
mine have become yours
like two ships we sail the night
down to the distant shore
eyes of blue, velvet touch
she's got what i want
'round and round on the wheels of love
drivin me right outta control

CHORUS

and all is well
when i look in those eyes
bang go the bells
yeah you got something baby
I just can't deny, bang go the bells

GUITAR SOLO

when i want love, i call on you
when i want want love, i run to you
you're something more than a cheap romance
i just take one look at you
bang go the bells
and all is well when i look in your eyes
bang go the bells
yeah you got something baby
I just can't deny, I just can't deny,
I just can't deny, bang go the bells
bang go the bells, bang go the bells, bang go the bells

bang go the bells, bang bang bang go the bells (x's 4)
