Angel, sweet angel eyes
Get ready for a shakedown
Yeah!

I'm alive riding the wave
Seems like I can't fall
Time's up I've been saved
I'm the king standing Tall

Strike down kick my face
Where the sun don't shine
It don't matter, don't matter at all
I'll be dancing having a ball

Oh, lay me down
I wanna feel you all around
Oh, hold me close
And never let go

Angel, sweet little angel eyes
1-2-3 Get ready for a shakedown
Angel, you set my soul at ease
1-2-3 Get ready for a shakedown
Shakedown, oh yeah!

So divine, so complete
Mighty f-i-n-e, fine
I'm a soft dog by your feet
Your name's on my love line
