Here we go again
Same Ol' Nagging same Ol' Fight
So she runs away into the night
Ain't got no self esteem,
She hides her face in her hands
Life's tough when you're down,
But she's alright

Sweet sister don't feel blue
Good times will come to you too
Close your eyes and you'll be there

You fly on your own wings
Young and divine she sings
Just don't let it slip away
No worries you are free
And love is all you see
Just don't let it slip away

Crossing the tracks,
Down the road she wouldn't go
Dark faces staring, so cold
She always said, you're my
Baby, I'm your shelter
You can't run away from the truth

Sweet sister don't feel blue
Good times will come to you too
Close your eyes and you'll be there

You fly on your own wings
Young and divine she sings
Just don't let it slip away
No worries you are free
And love is all you see
Just don't let it slip away
Just don't let it slip away
