It's just a simple line
I can still hear it all of the time
If i can just hold on tonight
I know that nothing
Nothing survives
Nothing survives
I think i'm turned around
I'm looking up
Not looking down
And when i'm standing still
Watching you run
Watching you fall
Fall into me

Am i making something worthwhile out of this place
Am i making something worthwhile out of this chase
I am displaced
I am displaced

And she's my friend of all friends
She's still here when everyone's gone
She doesn't have to say a thing
We'll just keep laughing all night long
All night long

Am i making something worthwhile out of this place
Am i making something worthwhile out of this chase
I am displaced
I am displaced

It's just a simple line
I can still hear it all of the time
If i can just hold on tonight
I know that no one
No one survives
No one survives.
