Call me a wild man
Well I've seen the world
I've had it all in my hands
I had some love but I lost my way
I threw it in for the band
Oh Oh
Call me a wild man
And I'll never know
Oh Oh
Call me a wild man
And I'll never know
Call me a rover
Cause I've seen some sights
I've had the things that make men smile
But through these years
As I reached the end
Oh I need a friend
Oh
This ain't like I thought it would be no

I'm just a sailor on the deepest dark sea
Ah
Looks like life's got the best of me
I'm just a young man
But at least I've tried
Call me a wild man
Yeah I've seen the world
I've had it all in my hands
I had some love but I lost my way
I threw it in for the band
Oh Oh
Call me a wild man and I'll never know
Oh Oh
Call me a wild man and I'll never know
Oh Oh
Call me a wild man and I'll never know
