chrous: Just having fun chill with my friend's going on
other night on town

Said don't know where the night will end
just trying to do my thing
and have a good time
cause we can fun all night along
said the mood is right and feel your vibe
so we can have fun until the break of don
you don't need to worry about
when the party end cause all on me girl

just want you to have a good time
chrous:same as up top
Let see if we can keep this thing going
cause I ready want to get with you
If that alright with you
just come along with me
were dream's come true and as I bring into a world you
never know
So let just have a goodtime bady...
