ENGLISH

I am sure that my encounter with you was not chance  
I don't know why I feel that suddenly  
We will continue our trip to other places  
I realize suddenly that it is flourishing  
Our time and our only flower

I cannot be sincere and to thank you  
I hate so much that part of myself  
Although it is only a word I cannot say it with my mouth  
I look for an exit inside my heart

Wind up the CLOCK AND PLAYBACK EVERYDAY  
For that hate it so much that I try to scream  
And to pursue that shade DAY BY DAY  
ARE YOU READY? A race...  
... Until that place, the silly memories grow  
WE ALWAYS MADE SOME NOISE EVERYWHERE

That moment in that you said 'good bye'  
And you said those desperate final words  
My shy smile seemed  
Forced to say the word 'good luck'  
Someday the water will appear  
And the light will make flourish that changing FLOWER  
That it will never dry off!

Although everything ends up separate  
Broken and about to disappear  
We still believe in the days that we passed together  
This for sure there are things that will never change  
FLOWER.

Because you're broken pieces escape and they fall off  
the palm of my hand  
I pick up them and I join them again  
As if it armed a JIGSAW PUZZLE of you YEAH

UH WE MAKE A HARMONY  
JUST LIKE A FLOWER'S MELODY  
Our shine is as that of a DIAMOND RING  
SO I WANNA SAY TO YOU

I cannot be sincere and to thank you  
For really love me so much  
The memories between you and me for always  
They will shine in all moments inside my heart  
I cannot be sincere and to thank you  
For really love me so much  
Although the time passes like now  
There are a lot of road to continue  
Along this place FLOWER.
