I like your smile
But even introductions need to last awhile
Sometimes I don't know if I'm right or wrong
And in the end it seems like everything is worse when
you're gone

There is no upper hand
I'm giving you mine
It doesn't have to end up wasting your time
There's things that I could say
But hear it my way
I want to let you know that it's all okay

So there you are
Mistakenly mistaken for a deeper scar
A hole in your heart
And the same for me
Is everything you touch keeping you down
or setting you free

There is no upper hand
I'm giving you mine
It doesn't have to end up wasting your time
There's things that I could say
But hear it my way
I want to let you know that it's all okay

Shelter my eyes from the sun
And wait for the birds to fly by
Trying to reach every one
And know what you're feeling inside
Deep in my head now it's like a dream goodbye

There is no upper hand
I'm giving you mine
It doesn't have to end up wasting your time
There's things that I could say
But hear it my way
I want to let you know that it's all okay
Want to let you know that it's all okay
Want to let you know

That it's all okay
