Maybe it's just me, but I don't think that it is
Possible for me to continue like this oh
I feel so insecure, everytime you walk away
And I'm never really sure how long you gonna stay

Chorus

May be it's all in my head
Feel like giving but I don't really want to
But I feel so mislead
A kiss through the phone just won't do, no
From my point of view I gotta say
Something about you so tell me baby
Somewhere down the road I think you lost it all
Now it's all in my head, all in my head, all in my head
,all in my head. oh yeah

You know it's not my style
To start a fight and make a scene
But I'm different this time
I am not a drama fiend, no
And maybe it's just me
But this is how a feel
And this can simply be another case of jealousy

Chorus

May be it's all in my head
Feel like giving but I don't really want to
But I feel so mislead
A kiss through the phone just won't do, no
From my point of view I gotta say

Something about you so tell me baby
Somewhere down the road I think you lost it all
Now it's all in my head, all in my head, all in my head
,all in my head.

I mean we can talk around
Tell that its alright
But I know that just won't do anymore no
I mean we could kiss and make up
I tell that it's a love
But I know it just won't do anymore no

Baby it's all in my head
Feel like leaving but I don't really want to
But I feel so mislead
A kiss through the phone just won't do

Chorus

May be it's all in my head
Feel like giving but I don't really want to
But I feel so mislead
A kiss through the phone just won't do, no
From my point of view I gotta say
Something about you so tell me baby
Somewhere down the road I think you lost it all
Now it's all in my head, all in my head, all in my head
,all in my head,my head my head
