Ooh, yeah, yeah

I've been walking around inside a haze
Between the lines of reason
Hiding from the ghost of yesterday
Feels like I'm barely breathing

I, I wanna feel the rain again
I, I wanna feel the water on my skin
And let it all just wash away in a downpour
I wanna feel the rain, feel the rain

I've been losing days
The shades pulled down
I still can't face the sun

But I, I'm going crazy
I can't stay here
I've gone completely numb
I just wanna need someone

I, I wanna feel the rain again
I, I wanna feel the water on my skin
And let it all just wash away in a downpour
I wanna feel the rain, feel the rain

Oh no, I thought you were the only one
But now I think I was wrong
'Cause life goes on

I've been walking around inside a haze

I, I wanna feel the rain again
I, I wanna feel the water on my skin
And let it all just wash away in a downpour
I wanna feel the rain

I, I wanna feel the rain again
I, I wanna feel the water on my skin
And let it all just wash away in a downpour
I wanna feel the downpour, I wanna feel the rain

In a downpour, feel the rain
Feel the rain, oh, oh
I wanna feel the rain
