Walking along the sky, chasing a glimpse of you
Painting a world with stars I found inside your eyes
Up here above the haze everything looks so clear
Wondering what it would be like if you were here

And time, it takes time
(Takes time)
But I can't wait
To tell you how I feel

Oh, you're the calm when my world is crashing
My heart, my blood, my passion
Why, tell me why
You're everything but mine?

I hold you close when it all goes crazy
And through it all, you'd be my lady
Why, tell me why
You're everything, everything but mine?

You don't have to be afraid
Of somebody else's touch
Just gimme a chance to prove
Just how you should be loved

And time, it takes time
(Takes time)
It's not too late
To tell you how I feel

Oh, you're the calm when my world is crashing
My heart, my blood, my passion
Why, tell me why
You're everything but mine?

I hold you close when it all goes crazy
And through it all, you'd be my lady
Why, tell me why
You're everything, everything but mine?

Everything, thing but mine, ooh
Mine I know, oh baby, someday you'll come around

I'm gonna leave the light on and I won't let you down
No, I won't let you down

I won't let you down
Oh, you're the calm when my world is crashing
My heart, my blood, my passion
Why, tell me why
You're everything but mine?

I hold you close when it all goes crazy
And through it all, you'd be my lady
Why, tell me why
You're everything, everything but mine?

You're everything but mine, yeah
You're everything but mine, yeah, ooh
You're the sun, you're the star
You're the moon, you're the rain

Love your lips, love your eyes
Drivin' me insane, oh baby, baby
Oh, you're everything but mine, yeah
You're everything but mine

Last night I saw the fireworks
The kind of pain that never hurts
The one you hate to love
That's made for you

Another unsuspecting Sunday afternoon
Sunday afternoon
