Can I have a talk with you?
Let me walk you home from school
I've got something that's on my mind
And I don't know just what to do
See girl I've been watching you

And I think I'm a little sprung
Can't seem to get my mind off you
Keep thinking about you
I think that you're the one

So won't you just listen to me?
There's so much I wanna say
Girl I've got this love for you
You can have it your way everyday

I will treat you right, I will never lie
Girl I promise to you
That I won't make you cry
Do the same for me and tell me you're
Feeling the way that I do

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me
I wanna be with you

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me
I wanna be with you

All those people they talk about
It's only a puppy love
They say our feelings cannot be real
But we know the deal, yeah

I just don't know what to do
'Cause girl I'm so crazy bout you
And I know it's not wrong
Because I wanna be everything that you need

I'm gonna walk you home from school
I wanna help with your homework, homework
And when you need a kiss or two, I'll be the one

Girl if you say yes to me, I promise that I will not
I will never leave, I'll be right by your side
Girl my love for you I cannot hide

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me
I wanna be with you

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me
I wanna be with you

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me
I wanna be with you

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me
I wanna be with you

Girl I wanna be everything that you need
'Cause I aim to please and it's like that
And that's the way it is, my heart's on the line
Just don't say goodbye, you'll still be

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me
I wanna be with you

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me
I wanna be with you

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me
I wanna be with you

Girl, give me your love, I'll give you my heart
Let's put them together, see what we can start
I wanna be with you, you wanna be with me

I wanna be with you
