I'll never find a girl like you

Oh... I'll never find I'll never find someone like you

Girl, you take my breath away and when I with someone  
new I'd rather be here

With you baby, forever ooh my heart belongs to you girl  
I'm thinking 'bout you

All the time I know my love is true when we're together I  
played around girl

And I made you cry when I looked up you were saying  
goodbye I'm begging you

Please I need you so bad don't leave me now you're the  
best that I've had

Chorus: I'll never I'll never find someone like you no I'll  
never I promise

It's true oh I'll never I'll never find someone like you ooh  
baby 'cause I love

The way that you are and girl I won't no I won't let you  
go no one could ever

Do love me like I love you

All I have is just my heart and my feelings I give to you  
that's all that I can

Do girl baby, forever ooh you don't know that you're  
hurting me 'cause it's not

Just a sexual thing I wanna share my dreams baby,  
together oh girl I'm afraid

Just to give you the love my heart's telling me to hold  
on to our love but when

You get close I want you to know I start to get weak and  
I can't let you go

Chorus

Just your smile that's all I need think again girl I won't  
let you down girl i

Will never find someone that compares to you

Chorus (2x)
